Research Interest

I study how LLMs acquire, represent, and update knowledge, and how to intervene after training in a reliable way. Using **Mechanistic Interpretability**, I aim to identify features/circuits that encode specific facts and leverage them for robust **Knowledge Editing** and **Unlearning**.

Education

Hanyang University *Sep. 2024 – Present*
M.S. in Artificial Intelligence Semiconductor Engineering

Seoul National University of Science and Technology *Mar. 2018 – Aug. 2024*
B.S. in Industrial and Information Systems Engineering

Experience

Graduate Researcher (*Advisor: Taeuk Kim*) *Sep. 2024 – Present*
Hanyang University
- Researching mechanistic interpretability to analyze internal representations in LLMs.
- Analyzed the applicability of parameter localization for knowledge unlearning in LLMs.

Research Intern (*Advisor: Sangheum Hwang*) *Sep. 2023 – Aug. 2024*
Seoul National University of Science and Technology
- Conducted research on adversarial attack and defense methods for robust unlearning.

Publications

Query Lens: Interpreting Sparse Key-Value Features with Indirect Effects *Jul. 2026*
Hwiyeong Lee, Ingyu Bang, Uiji Hwang, Hyelim Lim, Taeuk Kim
The 43rd International Conference on Machine Learning (ICML 2026)

Does Localization Inform Unlearning? A Rigorous Examination of Local Parameter Attribution for Knowledge Unlearning in Language Models *Nov. 2025*
Hwiyeong Lee, Uiji Hwang, Hyelim Lim, Taeuk Kim
The 2025 Conference on Empirical Methods in Natural Language Processing (EMNLP 2025)

Uncovering Hidden Vulnerabilities in Machine Unlearning: Adversarial Attack as a Probe and Pruning as a Solution *Jun. 2024*
Hwiyeong Lee, Jeonghyun Kim, Sangheum Hwang
Korea Computer Congress 2024 (KCC 2024)

Teaching

Teaching Assistant, Object-Oriented Systems Design *Spring 2025*
Department of Computer Science, Hanyang University

Skills

Languages: Python, C, Java, Kotlin, JavaScript

Technologies: PyTorch, HF Transformers, TransformerLens, SAELens, Linux Internals, React, Figma

Language Proficiency

English: Professional Working Proficiency (ETS TOEIC 915, SNU TEPS 446)

Korean: Native Proficiency
